Slot Performance Analysis Workshop

At UNLV in Las Vegas, NV

January 18-19, 2018

In today's challenging economic environment it is essential to make the right decisions in order to maximize the financial results of your slot floor. This two-day seminar, presented by CDC Gaming Seminars and the UNLV Center for Professional and Leadership Studies, will give you the tools needed to effectively analyze and improve your slot floor performance.

The Slot Performance Analysis Workshop is designed for gaming industry professionals who already understand basic financial measures such as a profit and loss, variance, mix percentages, ratios, ranking, indexing, and market share. **Attendees should have a working knowledge of MS Excel, specifically inputting/selecting data, entering formulas/functions and working with data in pivot tables.**

In this workshop all participant are provided with a computer so they can work on in-class exercises. This hands-on practice enhances the learning process and makes it possible for participants to apply the techniques they've learned when they return to their jobs.

All attendees will receive certificates from UNLV.

Workshop Topics

1. Overview and Review Exercises*

- Slot Machine Basics
- Useful Financial Analysis Concepts

2. Incremental Contribution and Measurement

3. Statistics for Slot Analysis, *including:*

- Describing Data
- Standard Deviation
- Anomalies
- Correlation
- Regression

4. Basic Game Math and Par Sheet Elements, *including:*

- Basic Probabilities and Game Cycles
- Understanding the Paytable (Par, Hit Frequency, Standard Deviation, Volatility Index)
- Statistical Analysis of Actual to Theoretical Win Percentage Variance

5. Slot Key Performance Metrics, *including:*

- Popularity and Productivity Measures
- Supply and Demand

6. Basic Machine and Game Title Performance Evaluation

7. Isolating Effects of Location on Machine Performance

8. Supplementing Performance Analysis with Player Analytics

9. Comprehensive Performance Analysis, *including:*

- Diagnosing Underperforming Machines
- Going from Data to Strategy

* In order to spend as much time as possible on slot analysis, this seminar assumes participants have a basic knowledge of slot machines and accounting/financial analysis concepts such as Profit and Loss, Variances, Mix Percentages, Ranking/Indexing, Normalization, and Allocation. A tutorial on slot machine basics and financial analysis concepts is available on the instructor's website for review prior to attending the seminar. Details on how to access this information will be provided after registration.

Instructor: William Dunn

William Dunn is President of Dunn Gaming Solutions (DGS), a consulting firm serving the gaming industry. DGS specializes in applying advanced analytical and predictive modeling techniques to understand customer profitability and quantify incremental contributions of operations and marketing variables. The philosophy of DGS is to help clients maximize profitability by accomplishing three critical tasks:

measure, learn, and adapt. Dunn is also the creator of SlotFocus Performance Analytics™, a subscription service that enables casino operators to outsource advanced slot analytics (learn more at <http://www.slotfocus.com>).

A leading analyst in all aspects of casino marketing and operations, Mr. Dunn has extensive publication credentials. He was a featured business intelligence columnist for Slot Manager quarterly. He has also contributed to academic research projects published in periodicals including the Gaming Research and Review Journal, the Journal of Travel & Tourism Marketing, the Journal of Hospitality & Tourism Research, and the International Journal of Hospitality Management. His expertise has been tapped as a panelist at Global Gaming Expo (G2E) and the Business of Gaming Conference.

Prior to forming Dunn Gaming Solutions, Mr. Dunn spent several years working in front-line, back-of-house, and executive capacities. His previous industry employers include Barona Resort & Casino, Aladdin Resort Casino, The Venetian Resort Hotel Casino, Rio All-Suite Hotel & Casino, and Sands Expo & Convention Center. Mr. Dunn has worked with numerous casinos in both the U.S. and Europe.

Dunn holds an MBA & Casino Leadership Program certification from the University of Nevada, Las Vegas.
